

No Call means NO CALL!!! I have 2 elderly people living with me,it upsets them (and me) to get unsolicited calls. They have difficulty getting around, just to answer the phone takes time and a lot of effort, worry that this call may be because something is really wrong, not to mention interrupted naps for no good reason. We enjoy the peace and quiet the No Call lists provide PLEASE KEEP THEM! (Our state and the Federal No Call lists) Thank You!
